What we talked about last time

The notes from the last meeting were agreed.

For today's meeting:

The Speak-up forum have asked for information about what people need to do to get a house/home of their own. The Task Group is going to write a booklet about this. To help us to do this we talked about:

- Who provides houses
- How will I pay for my house
- What if I need support
- What can I do to get a house
- What else or who else can help

A small group of people will get together to write the booklet. They will meet on 11th January 2010 to do this.

Barry and Bronia said that they will ask Mencap and Avalon if they will help to pay for the booklet.

The next Housing Task Group is on 8th February 2010 at North Yorkshire House.
